Table of Contents - IJRIAS Vol. 11 Issue 14

SN	Title	Authors Name	Page No.
1	Antimicrobial Activity of Lactobacillus spp. Isolated from Traditional Curd (Sangom Aphamba) Against Selected Pathogens	Luxmida Nongthombam, Pratibha Huidrom	1-6
2	Effectiveness of the Ecoenzym Produced from Pineapple and Orange Peel Waste as a Floor Cleaning Agent	Herlina Fitrihidajati, Mitarlis, Reni Ambarwati, Farah Aisyah Nafidiastri, Dayat Hidayat, Titik Taufikurohmah, Sri Widyastuti	7-15
3	Prevalence of Uropathogens and Antimicrobial Resistance Patterns among Suspected UTI Patients Attending a Diagnostic Centre in Imphal	Chingakham Miranda Devi, Pratibha Huidrom	16-24
4	Prevalence and Risk Factors Associated with Urinary Tract Infection Among Women of Reproductive Age Attending JR Hospital and Research Institute, Manipur	Samimbanu Shahni, Chingakham Miranda Devi, Pratibha Huidrom, Onila Nongmaithem	25-32
5	Nutrient Characterization of Selected Plant Leaves and Their Suitability as Organic Nutrient Sources in Tropical Agricultural Soils	Lawrence Effiong Bassey, Godwin Umoren Akpan, Aniebiet Ezekiel Akpan	33-42
6	Climate-Driven Habitat Suitability of Aedes Aegypti Mosquitoes Using GBIF and Worldclim Datasets	Obiajulu, Angela Ngozi., Okafor, Blessing Ifeoma, Iheikhena, Osagie Wilson	43-63
7	Phytochemical Analysis and Susceptibility of Multi-Drug Resistant Typhoidal Salmonella Species to Combined Ethanolic Extract of Boswellia Dalzielii and Tamarindus Indica	ZUMBES Hosea Jwan, KWAPNOE Aaron Peter, DAVID John, AZI Hezekiah Yusuf, EKPIWRE Veronica David	64-70
8	Comparative Screening and Integrative Identification of Indigenous, High Yielding, Glutaminase Producing Aspergillus Strains Isolated from Spoilt Rice	A. S., Charanchi, Gambo, S.	71-81
9	Application of Chemically Modified Pinctada Imbricata Radiata Shell Waste as a Potential Sustainable Odour-Control Material for Refrigerated Fish Storage	Ioannis Fotodimas, Petratos Panagis	82-105
10	The Resilience?Trait?Function Nexus: Linking Plant Adaptive Responses to Ecosystem Functioning and Agroecosystem Resilience under Climate Change	Arepalli Naga Sudheer Babu	106-122
11	Phytosociological Status of Grasses in Forest Division of Jhalawar, Rajasthan	Dilip Kumar Sharma, O.P. Sharma	123-131

Table of Contents - IJRIAS Vol. 11 Issue 14

SN	Title	Authors	Page
12	Biostimulant Activity of Fermented Plant Juice Derived from Indigenous Tropical Species on the Vegetative Growth and Biomass Accumulation of Pechay (Brassica rapa L.)	John Paul Cordero Secando, Regina Embon Samillano, Ghison Riuben Embon Samillano	132-144
13	Associative Biological Nitrogen Fixation in Maize: From Diazotroph Recruitment to Sustainable Crop Nutrition	James Osare Nyanapah, Harun Okello Ogindo, Mathews Mito Dida	145-157
14	From Environmental Awareness to Low-Carbon Mobility: Cognitive Pathways to Sustainable Transport Adoption in Malaysian Tourism	Haslinda Musa, Nur Zafirah A Khadar, Nurulizwa Abdul Rashid, Samer Ali Hussein Al-Shami, Fadhlur Rahim Azmi	158-176
15	Groundwater Quality Dynamics under Climate Change and Rapid Urbanization: A Multi Parameter Assessment	Famewo Ayomide Samuel	177-191
16	The Eosinophil?Microbiome Paradox In COPD: When the Biomarker That Selects Inhaled Corticosteroids is Also Associated with Bacterial Risk	Derallah A Lindra, Faisal Yunus	192-204
17	Development of AI-Based Model for Space Debris Detection, Identification, Tracking and Trajectory Prediction	Aniruddha Chowdhury, Sanjay K. Singh	205-224
18	Quantum Biology and Thyroid Disease: A Critical Review of Theoretical Connections, Computational Applications and Current Evidence	Hernando Vargas-Uricoechea.,, Julia Devoz-Muñoz, Alejandro Castellanos-Pinedo	225-239
19	Nature-Based Tourism and Mangrove Forest Conservation in the Sundarbans, Bangladesh: A Pathways?Pressures?Governance Framework	Partho Biswas	240-257
20	Bacteriological Quality of Borehole Water in Anambra State, Nigeria: Assessment of Compliance with International Drinking-Water Standards and Public Health Implications	Stella Ekene Ogamba, Ezinne E Enwereji, Okechukwu Kalu Iro, Priscillia Ngozi Ezeonuegbu	258-266
21	Real-Time Environmental Monitoring of a Community-Scale Waste Incinerator Using an Iot-Enabled Multi-Sensor System	Aam Amaningsih Jumhur, Kevin Abdilah	267-281
